

Interdisciplinary Graduate Program in  
**Molecular & Cellular Biology**

*Fall 2012 Workshop & Seminar Series*

**"Emerging fluorescence technology to study the spatial and temporal dynamics of molecules and organelles within cells"**

**Jennifer Lippincott-Schwartz, Ph.D.**

**Chief, Section on Organelle Biology  
Cell Biology and Metabolism Branch  
National Institutes of Health  
Bethesda, MD**

co-sponsored with the Department of Anatomy & Cell Biology

**Thursday, December 6  
4:00-5:00 p.m., Watzke Aud. (#3), BSB  
Please note location change!**
